JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Of the 217 deaths from broncho-pneumonia, about 150 were of persons of 40 years or more.

The total number of cases of smallpox reported during the month was 34; from this the recent epidemic of smallpox may be considered at an end.

A true copy from the city bulletin.

GERMANY.

Report from Bremen.

BREMEN, GERMANY, *April 30, 1900.*

SIR: I have the honor to report that during the past week 2,896 emigrants were inspected at this port. Of this number, 10 were detained according to the requirement of our immigration laws.

The steamship *Maine* sailed on her first voyage and was inspected in regard to her steerage accommodations. She seemed to fulfill all requirements.

The sanitary condition of the port of Bremen continues good. During the past week there were 2 cases of typhoid fever, 3 of scarlet fever, and 4 of diphtheria.

Respectfully,

JOSEPH B. GREENE,

Passed Assistant Surgeon, U. S. M. H. S.

The SURGEON-GENERAL,

U. S. Marine-Hospital Service.

Report from Hamburg.

HAMBURG, GERMANY, *April 30, 1900.*

SIR: I have the honor to report for the week ended April 28, 1900:

The steamship *Patricia*, of the Hamburg-American Line, sailed April 22, carrying 944 steerage passengers. The steamship *Pisa*, of the Union Line, sailed April 27, carrying 294 steerage passengers for the Hamburg-American Line. The express steamer *Kaiser Friedrich* sailed on the 26th with cabin passengers but no steerage passengers. Bills of health were issued to 11 vessels during the week, of which 8 carried cargo.

On April 24 I visited Harburg, a neighboring city in this consular district, to investigate the manner of disinfecting rags shipped from there to the United States. There had been no inspection of the place for years, and I found the disinfection done in a very unsatisfactory manner and have recommended some changes, which will be carried out.

Respectfully,

A. C. SMITH,

Passed Assistant Surgeon, U. S. M. H. S.

The SURGEON-GENERAL,

U. S. Marine-Hospital Service.

GUATEMALA.

Report from Livingston—Fruit port.

LIVINGSTON, GUATEMALA, *April 23, 1900.*

SIR: I have the honor to report happenings at this station for past week, which are brief: Steamship *Breakwater* arrived Tuesday 17 last, and left in two hours. Boarded her to prevent communication with shore, but she came under no other regulations as she was on her down trip. Health of Livingston continues good. No death for past week. Several diarrhea cases among children and some malarial fever. No
